Details of the classes

There are two classes in each session, coded by the following symbols:

- ◆ These are for people with normally 5 years' dancing experience who have already attended classes where steps & technique are taught. They will include constructive personal criticism.
- These are designed to help dancers gain confidence for social dancing. They will concentrate on skills which will allow you to enjoy the dances you know and to cope better with unfamiliar ones.

Descriptions of the classes with details of the teachers & pianists are given inside this leaflet.
